

A woman with long blonde hair, wearing a dark patterned jacket and light-colored trousers, stands on a stage holding a microphone. She is addressing an audience of people seated in rows of chairs. The background is a wall with vertical wood paneling. The scene is brightly lit, suggesting an indoor event or conference.

PUBLIC SPEAKING & PRESENTATION TRAINING

A program to build confidence & personal presence

Dramatically overcome public speaking jitters and speak confidently in front of any audience in just 2-days!

This training is created specifically for leaders who are committed to developing their unique communication style, enhance their leadership qualities, introduce themselves effectively, and present their products with their audience in mind.

Each participant will get the opportunity to present at least three times in front of a live audience and receive immediate coaching on what worked and what could be improved to best present the company & product. With equal emphasis on mind-set, structure and delivery, participants are able to see immediate results in their speaking to take themselves and the company to the next level.

This training will be tailor-made using your company's products/ services so that participants can use their presentation skills to best represent your brand.

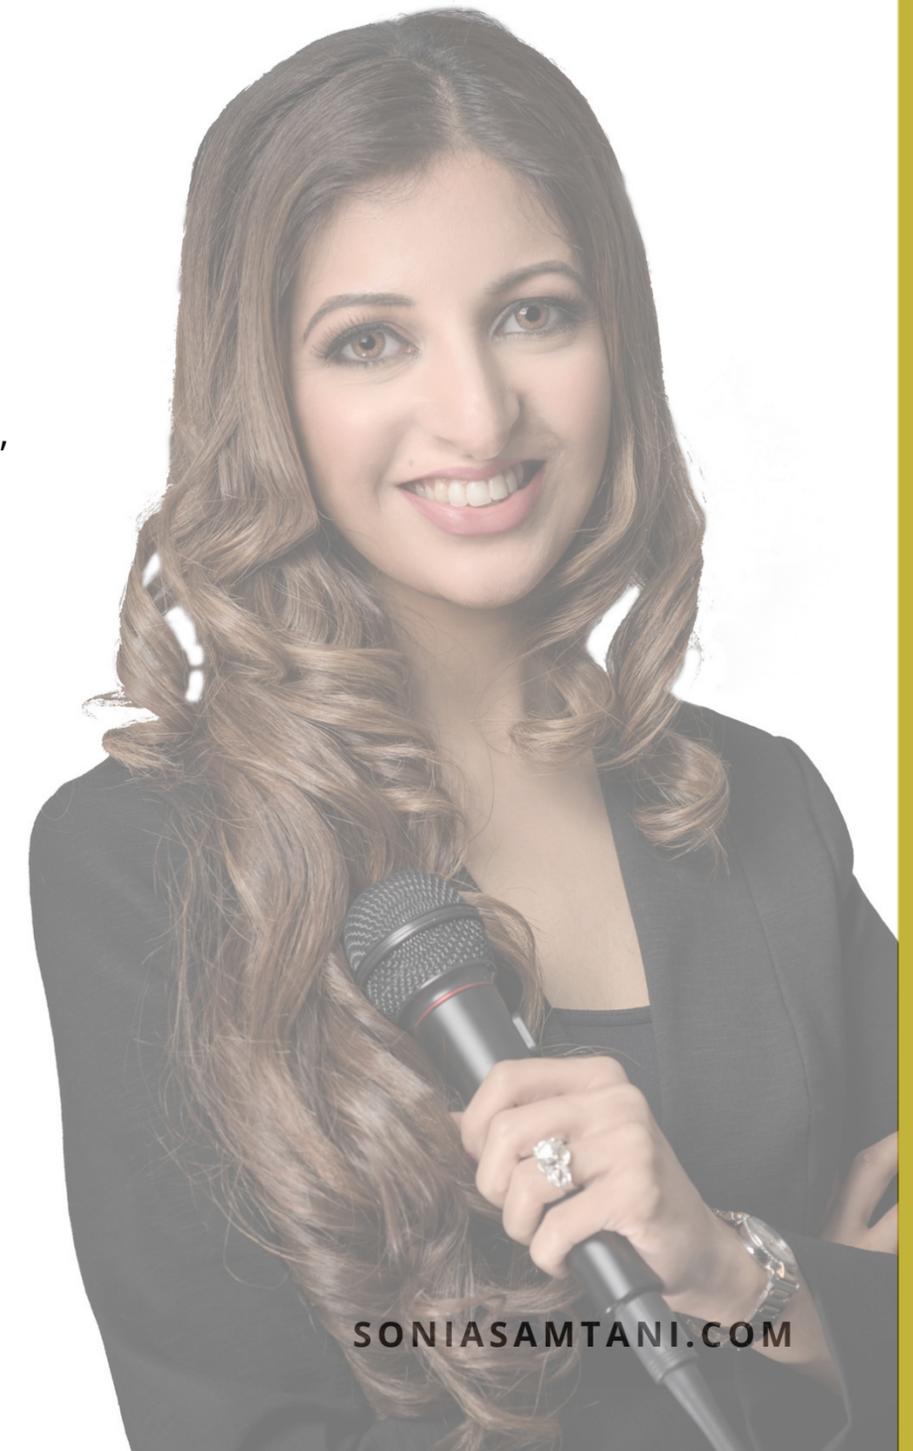

In this training, participants will:

- Gain tools to Create a strong and lasting impression with their audience
- Learn what is working and what is missing from their current presentation style
- Learn & practice the components of how to open a presentation and introduce themselves to an audience
- Develop the art of story-telling
- Understand and practice non-verbal behaviour to enhance presentations including stance, posture, gestures, roundedness, voice projection, eye contact and making connections.
- Develop techniques to create a powerful state of mind for presenting
- Learn the tools for preparation, content, and delivery that can be applied immediately for measurable results
- Understand how to use PowerPoint and visual aids effectively
